WARRINGTON, July 4, 1 a.m. light coust rains in the first district.

ANOTHER EXPEDITION.

Friends are Doing in the Arctic

London Standard June [6.] The second "Arctic expedition," which as been announced as "going out in Rhine, to Heidelberg, Strasburg, etc. arctic expedition, "which Geneva; will go next to Cologne, up the opportune and premature to create a cardinal in the United States. This subhas been announced as "going out in search of the remains of Sir John Frank." Geneva; will go next to Cologne, up t. Rhine, to Heidelberg, Strasburg, etc. lin," is la reality a private cruse of Mr. Alien Young, who will shortly leave England in the exploring yacht Pandora. This vessel, which is fast preparing for sea, will probably sail on the twenty second instant. She is four hundred and thirty tone burden, and eightyall other necessary equipment, and the officers and erew will also be prepared for a winter's solourh. The Pandora has been thoroughly overhauled by Messrs. for a winter's solouth. The random was known, they deben thoroughly overhauled by Messrs. Day and Summers, of Northam, and fortified both internally and externally. Size has been doubted with four inch planks, and her bows have been cased with iron. She has also been divided with from She has also been divided into three water-tight compartments, and beams have been inserted below. Her rudder-post and stern have as well been strerg benefit with all possible care. On Wednesday last she made a very satisfactory trial trip. The speed she gained was eight and a half knots per hour when going under "eary steam."

The hollers, engines, propeller—indeed all the machinery—have been thoroughly put into working order. Mr. Allers by put into working order. Mr. Allers by the same hand blood was in the surply put into working order. Mr. Allers been thereof of lesh and blood was in the surply and externally.

It is exact location was known, they deside distance is exact location was known, they desided without a light. On returning, seemled without a light. On returning, seemled with of the pope's making him cardinal, as did seventy other bishops. And the planking at the head of the pope's making him cardinal, for hors s that never beat 2:40; \$250 to first, rest to be divided. Birly wasson won three out of five; the pallium to the prince-bishop of Breslau, and laudatory letters substance, the shape of which was so clearly defined that he substance, the shape of which was so clearly defined that he shape of which was so clearly defined that he shape of which was so clearly defined that he shape of which was so clearly defined that he shape of which was so clearly defined that he shape of which was so clearly defined that he shape of which was so clearly defined that he shape of which was so clearly defined that he shape of which was so clearly defined that he shape of which was so clearly defined that he shape of which was so clearly defined that he shape of which was so clearly defined that the bishop shape received of the b Young will be in command of the ship, creature of fissh and blood was in the and Lieutenant Lillingston second in immediate vicinity. Wondering and command. There will be also on board trembling at the contact with these a staff of scientific officers.

A MAGIC MIRROR.
